

# FAST, PROFESSIONAL, AFFORDABLE WEBSITES!

## OUR PROCESS- 4 EASY STEPS:

### **STEP 1** **CONSULTATION & BUDGET**

You provide us with your maximum budget and the functionality needed for your website. We will help you prioritize the most important functions to ensure they are completed first and within your budget. We will estimate how many hours we anticipate your website will take based on your requests.

### **STEP 2** **LAYOUT PRESENTATIONS**

We will select several template layouts that we believe match your desired look and functionality. The layout chosen by you will be fully customized to be unique to your business or service.

### **STEP 3** **EXECUTION**

Once you approve a template, we will set up your domain name & hosting. You will provide us with the content you would like on the website. We will then code, and alter the design of the site to match your content and specific look.

### **STEP 4** **GO LIVE!**

Upon your approval of the design and content, we will activate your site, exposing it to the millions of web users worldwide!

## COST

**THERE ARE NO HIDDEN COSTS! HERE'S WHAT YOU PAY FOR:**

**DOMAIN NAME- \$12/year\***

This is your websites address - example: [www.cliqthis.com](http://www.cliqthis.com)

**HOSTING: \$99/year or \$10/month\***

This is where your website is virtually stored - it's like paying rent,

**WEBSITE DESIGN & CODING: \$99/hour\***

Rather than charging a flat fee, we charge hourly so you get exactly what you are paying for.

A basic website can take as little as 5-7 hours to complete.

## WHY CHOOSE US?

We charge hourly and we work fast.. because we know.....

**You don't have money to waste, & We don't have time to waste!**
